300B mods (back to top) Mail from an experienced 300B builder (and my comments in red) #1) The most important (sonically) capacitor is the 300B Cathode capacitor and the Powersupply capacitor for the 300B Stage, because they are such large values and electrolytics, even Black gates are quite bad.

300B NFB SET Integrated Amp - Troels Gravesen

Antenna. There are two types of antenna used for satellite TV. The first is the offset design, as illustrate on the right. The second is a less common, classic satellite dish shape called "circular axi-symmetric".
