

Labor And Monopoly Capital The

Trotskyism and Braverman. Harry Braverman (1920-1976), born in New York City, spent his entire adult life working for the increase of socialism.

Braverman's Labor & Monopoly Capital: Summary & Analysis ...

Human capital is the stock of habits, knowledge, social and personality attributes (including creativity) embodied in the ability to perform labor so as to produce economic value.

Human capital - Wikipedia

The labor theory of value (LTV) is a heterodox theory of value that argues that the economic value of a good or service is determined by the total amount of "socially necessary labor" required to produce it, rather than by the use or pleasure its owner gets from it (demand) and its scarcity value (supply).

Labor theory of value - Wikipedia

The classical meaning of capital is "wealth that is used in production, including wealth that is in the course of exchange." That seems clear enough at first, but of all the classical definitions, it is the most controversial.

A single commodity is produced by labor and capital at constant returns to scale. Capital consists of units of the commodity that are saved from previous periods minus units lost through depreciation. The green curve represents the amount of output produced per worker and the red curve represents the amount that is saved and invested. The blue ...
