After a full redesign for the previous model year, the Honda Civic received quite a small amount of
upgrades for 2002. It gained a revised steering box to improve the steering feel, slight suspension
tuning, and enhanced sound insulation.

With its long history that spans more than four decades, the Honda Civic is still an appealing choice
in the compact car market segment. And while being arguably the most respected and well-known
compacts in the world, the Civic maintains the incredibly high level of quality, comfort, and
performance that comes at an affordable price.
