The largest COMANSA luffing-jib crane is currently the LCL700, with a maximum load of 50 or 64 tonnes. With simple manual switchover, the LCL700 can switch its hoist system from a double pull line to a direct pull line and reduce its maximum load to 25 and 32 tonnes, respectively, gaining in hoist speed and productivity.

LCL700 Luffing-Jib Crane | COMANSA

Role: Operations Manager Qualifications: Lean Six Sigma trained, Safepass, manual handling Length of Service: 2 years. Experience: Barry has considerable experience in the construction industry, particularly in the area of quality control.
